Fissel and Britcher have been directed to set up six air observation posts or spotter stations to be located in these communities selected by the Army Air Force: Gettysburg, Littlestown, Cashtown, Biglerville, Fairfield and York Springs.

A supervisor and deputy supervisor for each station will be selected and in each locality these supervisors will recruit their own staff of 20 members. The 20 potential observers will serve on a "stand by" basis for the present. If developments require it, the posts would be manned on a 24-hour

The spotter stations would report through the state C-D organization with the reports eventually reaching Mitchell Field, New York.

KOREAN CLAIMS WORLD WAR III UP TO RUSSIA

John M. Chang, South Korean ambassador to the United States, says only Russia has the answer as to whether or not world war three will grow out of the Korean conflict.

"That will depend a whole lot or the wishes of the Kremlin," Dr Chang told newsmen here last night. "If they want to make an all-out invasion of Korea, the situation may become very serious.

Dr. Chang was the guest speaker before the annual convention of the Pennsylvania Veterans of Foreign Wars. It was his first public appearance since his country was invaded Can't Stop At 38th

Earlier at a news conference, Dr. Chang disclosed that he knew as long as eight months ago that the communists were preparing to invade his country

"I didn't knew the exact time it was coming but I knew it would be soon," Dr. Chang stated. He said he communicated this fact to the American government at the time But added that his country expected no immediate aid as a result due to the uncertainty of the situation "I thing the United States and the United Nations are doing everything possible they can to restore peace in my country," He declared.

Dr. Chang emphasized however, that peace will never be restored in Korea if the UN Army stops at the 38th parallel, present boundary line between North and South Korea. "The communists must be driven out of the entire country if we are to achieve ultimate peace," he declared. "Otherwise they would soon be doing the same thing again."

Convention delegates also heard their national commander, Clyde A. Lewis, of Plattsburg, N. Y., call for the resignation of Secretary of State Dean Acheson and Defense Secretary Louis Johnson.

"The American people are not satisfied with the leadership that has brought on this crisis," said Lewis. "There are too many men in high places who have failed to carry out their assigned tasks. The people demand leadership behind which they can rally in such a crisis as this and bring an end to shortsightedness. Those who are responsible should resign or be removed. In another address, Pennsyl-

vania's Gov. James H. Duff said the United States already has made commitments in the Korean war 'without having the corresponding force to back them up."

HUGE BOMBER

Tucson, Ariz., July 14 (A)-Survivors of a B-50 bomber crash said today an explosion occurred just moments before the plane plunged out of control, carrying at least one crewman to death.

Six men parachuted to safety. Three others are reported missing. The four-engine Air Force plane carried T/Sgt. Robert L. Jones of Tucson, Ariz., to a flaming death on a hillside in the Galiuro mountains, 40 miles northeast of the city. It ex-

ploded and burned when it plunged into the ground early yesterday. The pilot, Lt. Jerome M. Mc-Carville, 25, of Darlington, Wis.,

"The first indication I had of any trouble was a terrific explosion There was a flash of fire from the number three engine and a few moments later the plane began to fall out of control.'
